

**Step #1** – Access the training website by going to <http://www.ehs.psu.edu> and clicking on the “Training” link:

**Environmental Health and Safety**

Home | Environmental Protection | Hazardous Materials | Laboratory & Research Safety | Radiation Protection | Workplace Safety

**Radiation Protection**

Radiation Protection programs are grouped around sources of radiation at Penn State and targeted at the protection of people and the environment from all forms of electromagnetic and ionizing radiation.

**Course List**

**Courses by Category**

- Aerial / Scissor Lifts
- Asbestos
- Biological Safety
- Chemical Inventory Management System (CHIMS)
- Chemical Safety
- Confined Space
- Crane, Hoist & Sling
- Training
- Electrical
- Environmental Hazards
- Emergency Response Plan (EHERP)
- Ergonomics
- Fall Protection
- Fire Safety

**Step #3** – Ensure your supervisor is set to “cdf111” so that your training records can be viewed by supervisory staff. After editing your profile, be sure to click the “Save” button.

Set your supervisor to “cdf111”.

Click on “Save” to submit the change.

**Step #4** – Select ‘Radiation Safety’ and ‘Laser Fundamentals and Safety’. Then select ‘On-line Laser Safety Training’:

**Step #5** – This will open a slide presentation. After the presentation completes, there will be a 20-question quiz that must be passed to be presented with a certificate of completion. Create a screen capture of your certificate by pressing CTRL and PrtScn (to copy your screen to the clipboard) and paste it into a Word document. **E-mail this document to the lab supervisor (cdf111@psu.edu), your instructor (if requested or applicable), and to ehslaser@psu.edu.**
